CAREER SUMMARY

I am a motivated developer with a strong interest in **React frontend development**, SQL, Operating Systems, and Java. I have worked on several projects to strengthen my practical skills, including Weather App, MerchantVella, MultiVendor E-Commerce Platform. I am eager to learn, grow professionally, and contribute to innovative software development projects in a dynamic work environment.

TECHNICAL SKILLS

React.Js | MernStack | Java | Database – SQL,MongoDB | DSA | OS | UI/UX Design | MS-Office | Git/GitHub

SOFT SKILLS

Communication | Problem Solving | Team Work | Critical Thinking | Time Management | Positive Attitude & Work Ethic|

EDUCATION

SSC : 2019-2020

Jogeshwari High School Palshi

Percentage : 90.80%

DIPLOMA : 2020-2023 : (Information Technology)

Government Polytechnic Jalgaon

Percentage : 77.06%

B-Tech : 2023-2026 : (Computer Science And Engineering)

Deogiri Institute Of Engineering And Management Studies

CGPA : Still 6th Sem – 7.22

PROJECTS

ResQHome – Pet Adoption Platform |  [GitHub](#)

Tech Stack: React.Js, Node.Js, Mongodb

Developed a pet adoption web application that connects people looking to adopt pets with nearby shelters and pet owners. The platform allows users to browse pets, view details, and contact shelters directly. Focused on creating a simple, friendly, and responsive interface to make pet adoption easier and more accessible

 **Weather App** |  [GitHub](#)

Tech Stack: React.js, Material UI, OpenWeather API

Developed an interactive and responsive weather application that shows real-time weather updates for any city using the OpenWeather API. The app features a modern and clean design built with React and Material UI, including smooth animations and a two-column layout — the city input on the left and live weather data on the right. It displays key weather details such as temperature, humidity, wind speed, and visibility. The project is also integrated with GitHub for version

control and deployment.

Unity Share - Community Resource Sharing Platform | [GitHub](#)

Tech Stack: Mern Stack (Mongodb, Express.Js, React.Js, Node.Js)

Developed a web-based platform that allows users to share, borrow, or donate resources within their community. the system helps people connect and make better use of available resources through an easy-to-use interface. users can post available items, search for needed ones, and manage their listings through a personal dashboard. integrated github for version control and project collaboration.

Portfolio – [Link](#)

Tech Stack: React.js, HTML, CSS, Material UI

Designed and developed a personal portfolio website to showcase projects, skills, and achievements. Implemented a responsive and modern UI using Material UI components and React's component-based architecture for smooth navigation and performance.

INTERNSHIP & TRAINING

Company: Crelite Technology Pvt. Ltd

Duratation : 6 Week

Role : UI/UX of web applications

CERTIFICATION

- ✓ Micro-Certification - Welcome to ServiceNow on May 20, 2025. | [CERTIFICATION](#)
- ✓ ServiceNow Virtual Internship Program | [CERTIFICATION](#)
- ✓ Internships / Training and Certifications. | [CERTIFICATION](#)
- ✓ Deloitte's job simulation on the Forage platform | [CERTIFICATION](#)

LANGUAGE

Marathi (Native)

Hindi (Fluent)

English (Intermediate)

EXTRA CURRICULAR ACTIVITIES

 **Smart India Hackathon (SIH) Coordinator** – Actively participated as a coordinator, helping organize and manage event activities, improving teamwork and leadership skills

 **Kho-Kho Champion (Twice)** – Achieved first-level championship titles, showing strong teamwork, discipline, and leadership.

 **Cricket Team Member (Wicketkeeper)** – Actively represented the college cricket team every academic year, strengthening teamwork, focus, and coordination.

KEY ACHIEVEMENTS

Solved 200+ Problems on LeetCode () Strengthened problem-solving, data structures, and algorithmic thinking skills.

Topper in 10th Grade – Secured 3rd rank in school, showcasing academic excellence.

Developed Multiple Projects – Worked on *UnityShare*, , *Weather App*, and *Community Resource Sharing Platform* using modern web technologies
