[\(+91\) 7620267695](#) | jeevanmaher5408@gmail.com

Full-Stack Developer (MERN) with strong UI/UX design skills and hands-on QA testing experience. Skilled in building scalable web applications, ensuring high-quality user experiences, and performing thorough manual testing. Passionate about clean code, problem-solving, and end-to-end product development.

PROJECTS

Gram Panchayat Website | [GitHub](#) | [LIVE](#)

- Developed a Digital Gram Panchayat web application using the MERN stack with features like service applications, notices, gallery, and admin management.
- Worked on full-stack development including cloud storage (Cloudinary), authentication, role-based access, and responsive UI design.
- The project solves the problem of manual paperwork by digitizing village services, improving transparency, and saving time for both citizens and administrators.

Unity Share - Community Resource Sharing Platform – | [GitHub](#)

- Developed a MERN-stack community platform where users can donate extra resources and needy users can request them.
- Implemented user-friendly posting and request workflows with secure data handling and efficient resource management using GitHub for version control.

Pet Adoption Platform –Live | [GitHub](#)

- Built a full-stack platform where users can report injured, lost, or orphaned animals, as well as their own pets needing help.
 - Sent all reports directly to the municipal corporation dashboard, allowing rescue teams to take quick action. After rescue, animals are listed on the website for adoption, helping connect them with interested adopters
-

SKILLS

- **Frontend:** React.js, HTML, CSS, JavaScript, Material UI, Tailwind CSS
- **Backend:** Node.js, Express.js, RESTful API,
- **Programming Languages:** Python, Java, JavaScript
- **MS Office :** MS Word, MS PowerPoint, MS Excel
- **Database:** MongoDB, MySQL,
- **Prompt Engineering :** Strong **Online** Research Skills, **AI ChatGPT** Tool Utilization for Development.
- **QA Testing :** Manual Testing, AIP Testing, Functional Testing
- **Version Control & Collaboration:** Git, GitHub, JIRA
- **Tools & Platforms:** Postman, VS Code, MS Office
- **Soft Skills:** Communication, Problem-solving, Team Collaboration

INTERNSHIP

Company: Crelite Technology Pvt. Ltd

Duration : 6 Week

Role : Frontend Developer / QA Tester

EDUCATION

DEOGIRI INSTITUTE OF ENGINEERING & MANAGEMENT STUDIES - Chhatrapati Sambhajnagar

B.Tech in **Computer Science Engineering** | 2023 - 2026

CGPA:**7.23**

GOVERNMENT POLYTECHNIQUE, JALGAON

Diploma in **Information Technology** | 2020 - 2023

Percentage: **77.06%**

CERTIFICATES

- 1) ReactJS Frontend | Certification Code - 25624718 | [CERTIFICATION](#)
 - 2) Software Testing | Certification Code - 9476304 | [CERTIFICATION](#)
 - 3) Internships / Training and Certifications. Ref No -CTWDI/2022/08 | [CERTIFICATION](#)
-

EXTRA CURRICULAR ACTIVITIES

- **Smart India Hackathon (SIH) Coordinator** – Actively participated as a coordinator, helping organize and manage event activities, improving teamwork and leadership skills
 - **Cricket Team Member (Wicketkeeper)** – Actively represented the college cricket team every academic year, strengthening teamwork, focus, and coordination
-

ACHIEVEMENTS

- Solved 200+ Problems on [LeetCode](#) : Strengthened problem-solving, data structures, and algorithmic thinking skills.
- Developed Multiple Projects – Worked on ResQHome, GramPanchyat, UnityShare, , Weather App, and Community Resource Sharing Platform using modern web technologies
