

Jeevan Maher

Software Tester

[Portfolio](#) | [GitHub](#) | [LinkedIn](#)

[\(+91\) 7620267695](#) | jeevanmaher5408@gmail.com

Detail-oriented **QA Tester** with hands-on experience in **manual testing**, functional testing, and UI/UX validation for web applications. Strong understanding of SDLC, test case design, defect tracking, and requirement analysis. Experienced in testing **full-stack MERN** applications with a focus on usability, performance, and data accuracy. Passionate about delivering high-quality, bug-free software and collaborating closely with developers to improve product reliability..

PROJECTS

Gram Panchayat Website | [GitHub](#) | [LIVE](#)

- Developed a Digital Gram Panchayat web application using the MERN stack with features like service applications, notices, gallery, and admin management.
- Worked on full-stack development including cloud storage (Cloudinary), authentication, role-based access, and responsive UI design.
- Performed manual testing with 18 test scenarios and more than 100 test cases, including checking functions, database data, user interface, and re-testing to make sure everything works correctly.
- The project removes manual paperwork by making village services digital, which improves transparency, saves time, and makes work easier for both citizens and administrators.

Unity Share - Community Resource Sharing Platform – [GitHub](#)

- Developed a MERN-stack community platform where users can donate extra resources and needy users can request them.
- Implemented user-friendly posting and request workflows with secure data handling and efficient resource management using GitHub for version control.

Pet Adoption Platform – [GitHub](#)

- Built a full-stack platform where users can report injured, lost, or orphaned animals, as well as their own pets needing help.
- Sent all reports directly to the municipal corporation dashboard, allowing rescue teams to take quick action. After rescue, animals are listed on the website for adoption, helping connect them with interested adopters

Skills

- **Tools :** Postman , JIRA, Git & GitHub, VS Code
- **Web Knowledge :** React.js, Express.js , HTML, CSS, Material UI, Tailwind CSS
- **Testing Skills :** Manual Testing , Functional Testing , Regression Testing ,UI/UX Testing , Black Box Testing Test Case Design & Execution, Defect Identification & Reporting , SDLC & STLC Knowledge
- **Programming & Technical Knowledge :** Python, Java, JavaScript, SQL Queries, REST APIs, JSON, API Testing, Database Testing (MongoDB, MySQL)
- **Other Skills :** Strong Online Research, **AI Tools (ChatGPT)** for Testing & Debugging, MS Word, Excel, PowerPoint

- **Soft Skills :** Communication, Problem Solving, Logical Thinking, Attention to Detail
-

INTERNSHIP

Company: Crelite Technology Pvt. Ltd

Duration : 6 Week

Role : Frontend Developer / QA Tester

EDUCATION

DEOGIRI INSTITUTE OF ENGINEERING & MANAGEMENT STUDIES - Chhatrapati Sambhajinagar
B.Tech in **Computer Science Engineering** | 2023 - 2026 CGPA:**7.23**

GOVERNMENT POLYTECHNIQUE, JALGAON Diploma
in **Information Technology** | 2020 - 2023

Percentage: **77.06%**

CERTIFICATES

- 1) ReactJS Frontend | Certification Code - 25624718 | [CERTIFICATION](#)
 - 2) Software Testing | Certification Code - 9476304 | [CERTIFICATION](#)
 - 3) Internships / Training and Certifications. Ref No -CTWDI/2022/08 | [CERTIFICATION](#)
-

EXTRA CURRICULAR ACTIVITIES

- **Smart India Hackathon (SIH) Coordinator** – Actively participated as a coordinator, helping organize and manage event activities, improving teamwork and leadership skills
 - **Cricket Team Member (Wicketkeeper)** – Actively represented the college cricket team every academic year, strengthening teamwork, focus, and coordination
-

ACHIEVEMENTS

- Solved 200+ Problems on [LeetCode](#) : Strengthened problem-solving, data structures, and algorithmic thinking skills.
- Tested & Contributed to Multiple Projects
Unity Share, Pet Adoption Platform, Weather App, ResQHome, GramPanchyat, Community Resource Sharing Platform
